Session 2 – Building a Resume/CV

Goals for this Session

- ✓ Discuss the purpose and contents of a resume, curriculum vitae (CV), and cover letter.
- ✓ Determine which professional application tool is most appropriate for your student's profession.
- ✓ Coach your student on how to create professional versions of a resume or CV and a Cover Letter.
- ✓ Help your student get the tools and materials needed and start creating their own resume or CV.

Content to Discuss

- ✓ Before starting the session, have your student open the 'Resume and CV Guide', 'Resume Template', 'CV Template', 'Cover Letter Guide', and 'Cover Letter Template'. You may also want to send your student a copy of your own resume or CV for reference. If your student already has a resume or CV, have them send you a copy before meeting so you can provide detailed feedback.
- ✓ The first page of the 'Resume and CV Guide' has a chart that explains when to use a resume vs. a CV. Help your student decide if a resume or a CV is the preferred job application tool based on their profession and the country they plan to work in.
- ✓ **Resume:** If a resume is the desired job application tool, go over the resume section in greater detail. Explain why it is important to understand how a resume is reviewed, resume realities, and common mistakes before creating their own. Advise your student what the purpose of a resume is, what is included, and how to create professional contents and layouts. Bring up the resume examples listed in the 'Resume and CV Guide' to help your student visualize what a professional resume should look like.

Session 2 – Building a Resume/CV

Content to Discuss – continued

- ✓ **Curriculum Vitae (CV):** If a CV is the desired job application tool, go over the CV section in greater detail. Discuss how a CV is different from a resume, the purpose of a CV, what is included, and how to create professional contents and layouts. Bring up the CV examples listed in the 'Resume and CV Guide' to help your student gain a deeper understanding of the different sections and professional formats.
- ✓ **Cover Letter:** Advise your student what the purpose of a cover letter is, what is included, and how to create professional contents and layouts. Bring up the cover letter examples in the 'Cover Letter Guide' to help your student gain a better understanding of what a professional cover letter looks like.
- ✓ **Template:** Once you have reviewed the two information sheets provided, advise your student that there are three templates provided by GMI to help them get started creating their own versions of a resume or CV and cover letter.
- ✓ **Samples:** Encourage your student to look over the sample resume and CV documents to help get them thinking about what they want their document to look like and what professional content to include.

Session 2 - Discussion

Questions to Ask Your Student

- ✓ Have you created a resume or CV before? If so, do you have an updated version?
- ✓ If you have a resume or CV, who taught you or where did you learn to create it?

Questions to Expect from Your Student

- ✓ Do you use a resume or CV when applying for jobs?
- ✓ Does our profession use a resume or CV?
- ✓ What does your resume or CV look like and how did you create it?

Session 2 – Actions and Next Steps

Student Homework After Session 2

1. Ask your student to finalize their resume or CV before meeting for the next session and have them send you a copy once they are done so you can provide them with feedback.
2. Remind your student to mark Session 2 as complete on the Student Portal.

Your Actions After Session 2

1. Send the “mentor follow-up email” to your student. Use the template “Email after Session 2” found at the Mentor Resources website.
